Hi,

Status update as of 2024/02/07 is PR for AVATAR project is available at <https://github.com/DataInMotion/avatar-libraries/pull/2/> along with list of questions which need to be addressed by Mark, once he's back from holidays.

Since these are for Mark, and I have no other questions, I would like to ask we postpone today's meeting and I can focus on this next project you mentioned Juergen, i.e. "OGC Features".

Regards,
